

How I Can I Benefit Others at
Christmas

I am blessed at Christmas.

because I have healthy food, clean

water and toys. And I have my parents.

I'm thankful that I have a kind

family.

I can give a gift to others

who are poor or don't have

food or water. I can make a happy

holiday for others by

giving them some food
from my house or make an
extra sweet potato pudding
for their Christmas dinner.

It is important that other
people get respect because some
are poor and don't have parents. Other
people don't have enough money.
So we are going to make a
happy holiday for them.
